

Shania is a 9 year old little girl, She was diagnosed with Down Syndrome at birth. Her language is delayed. Shania is a very happy, energetic little girl, She loves swimming, and riding her bicycle. She loves all the Disney princesses. Shania was diagnosed with ALL Leukemia on November 2014, She was hospitalized for one month with intensive chemo therapy, And continue with treatment not as intensive as before until 2017. We had to drop her out of school for the 2014-15 school year. She's back to school this year and happy as always. Shania has a twin sister and her name is Charlene.
